**The Best is the Cheapest.**  
Not how cheap but how good is  
the question.  
The Twice-a-Week Republic is not  
as cheap as some so-called newspapers,  
but it is as cheap as it is possible  
to sell a first-class newspaper. It  
prints all the news that is worth  
printing. If you read it all the year  
round you are posted on all the im-  
portant and interesting affairs of the  
world. It is the best and most reli-  
able newspaper that money and  
brains can produce—and those should  
be the distinguishing traits of a news-  
paper that is designed to be read by  
all members of the family.  
Subscription price, \$1 a year. Any  
newsdealer newspaper or postmaster  
will receive your subscription or you  
may mail it direct to

**SAPOLIO**

**Nature's...  
Moderation**

**T**HE human consti-  
tution is very  
much like a fire,  
and the way many peo-  
ple try to take care of  
their health may be  
compared to the way a  
careless kitchen girl  
looks after the cooking  
stove. One minute it is raging red-hot, and then suddenly,  
first thing you know, the fire is out. People are sometimes  
led to believe that a medicine which has a sudden, tremen-  
dous effect must be truly wonderful. They forget that it  
may be merely a tremendous "draught" which imparts a  
temporary false effect of brightness and "fire" to the  
system, but suddenly drops it lower than before.  
There is no sudden, overwhelming effect about Ripans  
Tabules. Some people think the prescribed dose is too  
slow, and double it to get a quicker effect. But nature her-  
self is slow, moderate and regular in accomplishing her best  
work. The Tabules relieve acute headaches, indigestion  
and nervous depression almost instantly. But their effect  
on the bowels is more gradual; yet it is sure and thorough.  
Ripans Tabules act in accordance with nature, and their  
results, like nature's, are complete and permanent.

WANTED—A case of bad health that RIFANS will not benefit. They banish  
pain and prolong life. One gives relief. Note the word RIFANS on the package and  
accept no substitute. RIFANS, 10¢ for 5 cents, may be had at any drug store. Ten  
samples and one thousand testimonials will be mailed to any address for 5 cents, for-  
warded to the Ripans Chemical Co., No. 10 Spruce St., New York.

**PATENTS GUARANTEED**

**PASTOR ACTED AS REFEREE.**  
Displayed Much Knowledge of Prize  
Ring Tactics.

New York, Oct. 9.—Members of the  
congregation of St. John's Episcopal  
church in West Hoboken, N. J., are  
in a state of turmoil over the fact  
that their rector, the Rev. David B.  
Matthews, acted as a referee at a  
boxing match on Tuesday night.

Under the auspices of the St. John's  
cadets, an organization connected  
with the church, a minstrel show was  
given that evening, and the last num-  
ber on the program was a boxing  
bout between Charles Rogers and  
August Tierney, two members of the  
cadets.

The rector was referee and the "go"  
was an exceedingly warm one. It  
was of three rounds' duration and  
both youngsters were pretty well  
punished. The minister showed a  
familiarity with the tactics of the  
prize ring that amazed some of the  
staid members of the congregation,  
and the occurrence was the chief to-  
pic of discussion to-day.

People Believe in It.

It has been cynically said that any-  
thing can be sold by advertising  
now-a-days. This is not so. Many  
liniments have been advertised but  
only one—Perry Davis' Painkiller—  
has stood the test of sixty years'  
use. To-day its popularity is greater  
than ever and is based not upon what  
anybody says but upon what the  
remedy does. There is but one pain-  
killer, Perry Davis'.

Bodies are Exhumed.

Dayton, O., Oct. 10.—Pending an  
investigation which will determine  
whether or not the charge of murder  
shall be preferred against Mary Belle  
Witwer, the suspected wholesale  
poisoner, the prisoner is still detain-  
ed at central police station though  
habeas corpus proceedings to secure  
her release are momentarily expected.  
To-day the bodies of Frank D. Wit-  
wer, the fourth and last husband of  
the suspected woman, and Mrs.  
Emma C. Pugh, both of whom are  
supposed to be victims, were disinter-  
red.

The vital organs of both bodies  
were removed, placed in sealed jars  
and turned over to Prof. Howard,  
who will make an examination for  
traces of poison.

Died on Honeymoon Trip.

Hot Springs, Ark., Oct. 10.—One  
week ago Charles Fuller and bride of  
Lexington, Ky., were enroute to this  
city to spend their honeymoon. To-  
day his body is on the way to the  
home burial ground accompanied by  
his heart-broken wife of a week.  
Mr. Fuller took a very hot bath  
without first consulting a physician,  
and had a hemorrhage, several others  
followed, and although everything  
possible was done to save his life he  
died last night.

Civil War in Afghanistan.

London, Oct. 9.—"It is regarded  
here as certain that there will be an  
outbreak of civil war in Afghanis-  
tan," says a dispatch from St. Pe-  
tersburg to the Daily Mail. "Arising  
from the claims of the fourth son of  
the late Ameer, Mohammed Umar  
Khan, who is favored by Russia.  
Telegrams were sent to Kush to-day,  
ordering large reinforcements of  
Russian troops along the frontier, to be  
in readiness if necessary, to seize  
Herat."

Red Beard Was No Squirrel.

Corlisle, Ill., Oct. 9.—William Heh-  
ling, a well known citizen of Highland  
is under medical treatment in a hos-  
pital there, the result of being acci-  
dentally shot while hunting near  
Jamestown, northwest of Corlisle. A  
man from Collinsville saw the red  
beard of Hehling in the bushes and  
took a shot at the supposed fox  
squirrel. The load of shot took ef-  
fect in Hehling's face and breast,  
making serious wounds. The injured  
man was taken to Jamestown.

\$100 Reward \$100.

The readers of this paper will be pleas-  
ed to learn that there is at least one  
dreaded disease that science has been  
able to cure in all its stages, and that is  
Catarrh. Hall's Catarrh Cure is the  
only positive cure known to the medical  
raternity. Catarrh being a constitu-  
tional disease, requires, a constitutional  
treatment. Hall's Catarrh Cure is taken  
internally, acting directly upon the  
blood and mucous surfaces of the sys-  
tem, thereby destroying the foundation  
of the disease, and giving the patient  
strength by building up the constitu-  
tion and assisting nature in doing its work.  
The proprietors have so much faith in  
its curative powers, that they offer One  
Hundred Dollars for any case that it  
fails to cure. Send for list of testimo-  
nials. Address F. J. CHENEY & Co.,  
Toledo, O. Sold by druggists 75c.

**Mother's Fun.**  
Perhaps there is no quality which  
in a woman is more needed or more  
often lacking than humor. The wo-  
man who can see the funny side is  
rare and fortunate. So many times  
when the day has been full of little  
worries and the climax is capped by  
a failure in cooking the supper, a  
woman bursts into tears or vents her  
temper on the family, when, if she  
could only have seen it, there was a  
very funny side to the day's experi-  
ence and a good laugh would have  
relieved the strain and rested the  
tired nerves.

Still oftener the mother takes the  
trifling misdemeanor of her children  
too seriously. If she could poke a  
little fun at them the children would  
be ashamed to repeat the offense.  
Again, the tempers of mothers and  
children are strained to the point of  
giving way because of natural willful-  
ness on both sides, when a joke and  
a laugh would adjust the whole mat-  
ter and the trouble would soon blow  
over.

Again, when mother has good  
cause to be tired and worried a little  
fun on the part of the alert and  
thoughtful daughter is better than  
a sleeping powder for worn nerves.

"This charming power to throw  
away for the moment the conditions  
which keep us from fun ought not to  
belong to babies," writes Helen C.  
Candee, in the Ladies' Home Journal.  
"We took outrageous liberties with  
mother's sweet face when we lay coo-  
ing in her arms, and she was the  
happiest of women in consequence.  
Is it not a pity that through our  
years of necessary training we should  
forget the trick of playing with her  
by the time we are grown? No girl,  
I am sure, could possibly interpret  
me into meaning that we are to turn  
sober considerations into ridicule.  
What I really mean is that many  
matters would be improved if a sense  
of humor shed its light upon them;  
and this can best be accomplished by  
girls."

The same author says: "A fairy  
wand has no such joy-provoking  
power as a compliment from a  
daughter to her mother. A girl  
doesn't know what it can do until she  
tries it."—Farm, Field and Fireside.

Perhaps You Wonder

if the tormenting cold that made last  
winter one long misery will be as bad  
this year. Certainly not, if you take  
Allen's Lung Balsam when tickling  
and rawness in the throat announce  
the presence of the old enemy. Do  
not expect the cold to wear itself out.  
Take the right remedy in time. Al-  
len's Lung Balsam is free from opium.

Undertakers Were Startled.

Charleston, S. C., October 10.—Dr.  
Charles W. Pollock, mayor pro tem  
of Charleston, staggered the Nation-  
al Association of Funeral Directors in  
his address before that body to-  
day. He had been invited to speak.  
His subject had not been announced,  
but there was a wave of disapproval  
when he made an earnest, urgent ap-  
peal for cremation as the only proper  
way of disposing of the dead. He  
said embalming was wrong, because  
it violated the laws of nature, as  
bodies should be allowed to decay.  
He denounced the embalming pro-  
cess. The undertakers are inclined  
to be indignant, as one of the mem-  
bers said the speaker would kill their  
trade.

After a long discussion, the address  
was allowed to go on the minutes.

Children Plead Their Case.

Kansas City, Mo., Oct. 10.—Judge  
Henry in the Circuit Court to-day  
denied the application of Alonzo  
Stillwell to have his five children put  
in his custody. When six months  
ago Stillwell's wife fell sick, his sisters  
sent for the children to care for them.  
The mother died and the sisters kept  
the little folks. The father sued out  
a writ of habeas corpus, but the chil-  
dren through their tears asked to be  
permitted to remain with their aunts.  
The verdict sustained their appeal.  
The Court saying it had been shown  
the father was too poor to care for  
his little ones.

To-day the father reopened the  
case. The aunts did not offer a de-  
fense, but instead sent the children in-  
to court to tell their own tale. Judge  
Henry declined to go contrary to  
their will and the father's petition  
again was denied.

**MUST WIN TITLES IN WAR.**  
Confederate Veterans Strike Serious  
Blow to Honorary Colonels.

Lexington, Ky., Oct. 6.—There  
was a stormy debate at the meeting  
of the confederate veterans' associa-  
tion of Kentucky here yesterday.  
Among those present were Generals  
Arnold and Poyntz, Majors Tenny  
and Johnstone and Captains Lewis,  
Carter, Redd and many others whose  
ranks were conferred in times of war  
and in times of peace.

A resolution that titles in the so-  
cial organization be dropped brought  
several of those holding such titles to  
their feet. Major General Poyntz  
of Richmond, who was an army sur-  
geon and whose title came through  
his being elected the head of the Ken-  
tucky veterans' association, said  
such action was a slap in the face for  
him and many of his associates who  
were called "general," "colonel" or  
"major" because of the rank they  
had won of late years in the organi-  
zation.

Major O. P. Johnstone said that  
it was confusing to future history  
and should by all means cease. He  
said the time had come in Kentucky  
when it meant nothing to call a man  
general or colonel.

The resolution was turned over for  
three hours and finally passed, and  
a committee to suggest a plan of re-  
organization was appointed.

To Cure a Cold in One Day

nature is on each box. 25c.

Saw Them Stealing a Body.  
Indianapolis, Oct. 5.—Ebenezer  
Perry, a retired farmer, who lived at  
921 South Capital avenue, died Tues-  
day. Yesterday his body was interred  
in Center Grove cemetery, near his  
farm, ten miles south of this city.  
At midnight last night Charles Meyers  
was passing the cemetery and saw a  
surrey standing in front of the church  
near by. In a few minutes four men  
came from the graveyard bearing a  
body. The ghouls saw Myers and  
threatened to shoot him. He ran  
away and gave the alarm. When the  
farmers assembled they found that  
the body of Perry had been taken from  
the casket which was lying on top of  
the open grave with the end knocked  
out and the glass smashed.

The police here were notified and  
officers were placed on every road  
entering the city. To-day the medi-  
cal colleges were searched, but the  
body was not found. As Perry was  
rich, it is believed that the body was  
taken out for the purpose of demand-  
ing a reward for its return.

We have seen the frail infant when  
the faint struggle for existence  
seemed almost ended, resuscita-  
ted and made strong by the use  
of White's Cream Vermifuge. Price  
25c cents. For sale by H. L. Tucker.

She is 121 Years Old.

Sharon, Pa., Oct. 9.—Mrs. Helen  
George, of Irwin township, claims to  
be the oldest woman in America, and  
probably is, if her age is properly  
stated. Mrs. George has just held a  
birthday anniversary and to those  
present said that she was 121 years  
old.

Of her nine children three survive,  
the oldest, Mrs. Helen Jennings of  
Mercer county, being 99 years old;  
William, of Eminton, Pa., aged 80,  
and Henry George, of Plumer, aged  
74. Mrs. George says she was born  
in England in 1780. Up to two  
years ago she was able to do her own  
housework and still retains all her  
faculties except for failing eyesight.

Cures Cancer, Blood Poison, Eating  
Sores, Ulcers.—Costs Nothing to  
Try.

Blood poison or deadly cancer are  
the worst and most deep-seated  
blood diseases on earth, yet the eas-  
iest to cure when Botanic Blood Balm  
is used. If you have blood poison,  
producing ulcers, bone pains, plums,  
mucous patches, falling hair,  
itching skin, scrofula, old rheuma-  
tism or offensive form of catarrh,  
scabs and scales, deadly cancer, eat-  
ing, bleeding, festering sores, swell-  
ings, lumps, persistent wart or sore,  
take Botanic Blood Balm (B. B. B.).  
It will cure even the worst case after  
everything else fails. Botanic Blood  
Balm (B. B. B.) drains the poison out  
of the system and the blood, then  
every sore heals, making the blood  
pure and rich, and building up the  
broken down body. B. B. B. thor-  
oughly tested for 30 years. Sold at  
drug stores, \$1 per large bottle. A  
trial treatment sent free by writing  
Blood Balm Co., Atlanta, Ga. De-  
scribe trouble and free medical ad-  
vice given until cured. Botanic  
Blood Balm does not contain mineral  
poisons or mercury (as so many ad-  
vertised remedies do), but is com-  
posed of Pure botanic ingredients. Over  
3,000 testimonials of cure by taking  
B. B. B. 32-1m
